

RENOVATIONS THROUGH THE GENERATIONS

December 16, 2018

The occasion of our returning to the sanctuary gives us an opportunity to look back over the many years of the existence of Sts. Peter and Paul. From 1890 and the original construction, through the major renovation in 1936, the renovations in the 1970s and 1980s, and now our generation's renovation. We are blessed with such beauty and we look forward to continuing our Apostolate of Beauty for years to come.

Rev. J. David Carter
